HANSAmed Adds Leading Impression Trays To Restorative Line

Mississauga, Ontario, May 31, 2005: HANSAmed is excited to announce the launch of Tri-Bite Impression Trays for the Canadian market. Hansamed has been chosen as the Exclusive Distributor by Direct Dental Service, Michigan U.S.A. D.D.S. manufactures a leading line of plastic and metal impression trays called 'Tri-Bite Impression Trays. Their motto is 'Our reputation is built on your first impression' and they certainly have built a great reputation. Tri-Bite's rigid composite plastic design and wider occlusal plane earned them a whopping 96% approval rating from The Dental Advisor.

Existing Tri-Bite users will now benefit from a domestic supply pipeline. Other Canadian practitioners will also benefit from having a new choice in disposable trays with unique features at an economical price point.

HANSAmed is Canada's largest Direct Distributor of Pain Management, Infection Control, Cosmetic, and Restorative products and services. Hansamed focuses not just on products but also, clinical and technical information and support. With a dentist on staff full-time, you're sure to get the answers, support, and products you need for premium patient care.

Please call Hansamed to order or request samples 1-800-363-2876. More information is also available on our website www.hansamed.net.
